EDUCATION

iBSc in Computer Science | Lassonde School of Engineering, York University

Toronto, ON

Cumulative GPA 8.27/9.00, Member of Dean's Honour Roll

Graduating Apr 2028

- President's International Scholarship of Excellence & International Award for Academic Excellence (\$190,000 value)
- Leadership: President (BSAY), Founder (Leo Club of Dhaka 400 | Lions International), Operations (SOON Hackathon)

WORK EXPERIENCE

Field Education Program Associate

May 2026 – Present

York University – Faculty of Liberal Arts & Professional Studies

Toronto, Canada

- Identified and quantified **76** platform issues across 6 months by collecting and categorizing data from **250+** students and **250+** field instructors, then built a formal vendor replacement proposal and presented to school directors and the dean
- Evaluated **2** replacement vendors (InPlace Software and CORE Higher Education), arranged product demos, and drove the full procurement process independently
- Coordinated operations across 250+ students, 250+ field instructors, and **20+** faculty advisors covering scheduling, onboarding, payroll, and stakeholder communication

AI Product Development Intern

Apr 2026 – July 2026

Herb Immortal | myherbalshop.ai | herbimmortal.com

Toronto, Canada

- Designed, tested, and shipped a live AI-powered patient-doctor matching platform serving **500+** users, iterating on features and workflows based on usability testing and user feedback
- Reduced API response time by **70%** and maintained full data pipeline integrity across a platform with 500+ users and **50+** doctors

Operations

June 2026 – Present

SOON Hackathon

Toronto, Canada

- Coordinating all operations for Canada's first private hackathon in a mansion with **50-60** selected attendees and a **\$25,000** budget covering venue booking, vendor coordination, and logistics
- Managing international vendor relationships across China and Bangladesh to design, produce, and ship **7** merch products to Toronto within a tight pre-hackathon deadline

Founder and CEO

Feb 2020 – Apr 2023

Outrageous Dominance

Toronto, ON

- Scaled a competitive gaming club from 0 to **2,000+** Discord members, raised **\$5,000** in funding, and managed operations across **50+** players and **20+** tournaments

PROJECTS

National Livestock Registry - Trinidad and Tobago

June 2026 – July 2026

- Engineered a real government-level problem, designed the full product architecture across 3 applications, and solo-built a system targeting **2,000-3,000** MAU at national scale for the Ministry of Agriculture, Land and Fisheries of T&T
- Defined security requirements, role architecture across 4 user types, and a full infrastructure plan at **~\$1,026 USD/year**

Student Helper - AI-Powered Learning Platform (1st Place @ BEST Startup Experience)

Sept 2024 – Present

- Researched a gap in the university EdTech market, benchmarked 4 competitors (Khan Academy, Coursera, Moodle) defined the product differentiators, and led development of a platform that reached **1,000+** unique logins in one summer
- Designed a \$20/semester revenue model with a stakeholder map covering students, sponsors, and developers

HirezzAI - Resume Roaster (Audience Choice @ Sandcastle Hackathon by Sandbox)

May 2026

- Identified a gap in generic resume feedback tools, designed a 5-dimension weighted scoring system, and shipped a product that reached **100+** users on day one at an invite-only hackathon
